Make : ACO
Model : Free standing twin nozzle semi-automatic rinsing or blowing machine
Year : New
Dimensions: 500 x 500 x 900mmh

Rinsing machine Model ACOBR2

Mains Power req: Single phase 240v, 50Hz

This twin nozzle rinser is a compact sink on a stand that issues a powerful jet of rinsing water/sterilising solution to the base of inverted bottles. It has two pressure activated nozzles and a drain, mounted on a stainless steel stand. The stand is fitted as standard with a pump to supply the water at the correct rinsing pressure.

Blowing machine Model ACOBB2

Compressed air required: 4cfm at 5 bar

This twin nozzle blower is a compact sink on a stand that issues a powerful jet of air to the base of inverted bottles. It has two pressure activated nozzles and a drain, mounted on a stainless steel stand. The stand is fitted with a 3 stage filter / regulator and all necessary air tubing to supply the air at the correct blowing pressure.

All prices are in GB Pounds Sterling and are supplied ex-VAT and ex-Works unless otherwise stated. The goods hereby supplied shall remain the property of the seller until such time as payment for the product has been made in full. Any discrepancies to be made in writing within 7 days of receipt. All goods are supplied against our standard terms and conditions which are available on request.
